Ontario Street Lofts — Two Bedroom Two Bath

Chic and sophisticated 1400 square foot top floor loft is situated on the preferred north side of the Ontario Street Lofts building. This 2 bedroom 2 bath has all the architectural detail you crave in a loft — hardwood floors, exposed brick, strong columns, and high ceilings... yet with cozy privacy and comfort, including a wood burning fireplace.

Entertaining is a breeze in your crisp black and white kitchen — yards of black granite counters and an breakfast bar for a leisurely cup of coffee or chatting with your guests as you serve up cocktails and hors d'oeuvres.
